## Night of Plays

When fire destroyed Maple Ridge High School in June 1953 not only a building suffered destruction but also many traditions connected with a centre of learning. Many "generations" of students had learned to assume a certain way of life because of having spent a few years in an atmosphere of not only learning but of culture. The shock occasioned by the catastrophe has taken time to heal.

Friday night, however, showed the small part of humanity connected with our school, that, from the ashes has come a rebirth of what was once. The adjudicator, Mrs. Harper put into words what everyone seemed to feel. "I have attended this school" she said in so many words, which really can be translated into --I feel at home here, the same spirit is here, the old worthwhile traditions are kept alive.

Let's build again upon this wonderful beginning and from year to year continue to uphold -- and improve-- that which we consider a part of our way of life. The adjudication itself was worth more than the price of admission. The careful analysis of the execution of the tremendous amount of work required to put on such a programme. All the actors and actresses deserve credit as they did their very best, but naturally only four could be awarded trophies. The lucky people were: Best Actress- Darlene Norrington, Grade X Best Actor- John Manual Grade XI, Best Supporting Actress- Isabelle Fisher Grade XII Best Supporting Actor- Marvin Meir, Sr. Metric. It is perhaps a coincidence that the winners were from each of the four grades involved also that each play produced at least one winner.

To the directors and the actors our congratulations--their stupendous effort is rewarded in the fact that it is agreed by all that it was a job well done. To Mr. Quigley and his choral group our appreciation for their fine performance. To Dave Workfolk and George McLeod and their staff, those unsung heroes of the backstage. To the Art Department and the Commercial Department, to all those who did the needed tasks of handling such as programmes our sincere thanks.

To the adjudicator Mrs. Harper a big proud and hearty "thank you." To Miss Poole, Miss Kerr, Mrs. Moore, the sponsors and directors of this Night of Plays, our congratulations and appreciation.

"Students' Council News"

Medallions have been purchased for use in the inaugural ceremonies. These are for the executive and are to be passed on to future Students' Council Executive. The inaugural ceremonies will be held after the election of officers. This is to become an annual event.

Class Representatives note:

We wish to thank the girls who looked after the doors last Friday night at the "Night of Plays."

The Students' Council is sending a get-well card to one of its members, Ralph Kenkel. Ralph has been absent from school for a month because of illness.

Interviews

Here we are; Once again (You Lucky People). Before we start the interview we would like to appologize for last week's paper. We said there were four Student Teachers but there are five. The reason for the error was that two of the teachers are mostly at the Junior High School.

This week we had the pleasure of interviewing Mr. Murray Joyce. Mr. Joyce specializes in Commerce and Math. His general impression is as follows:

"I like the school. It's not too much different from the city schools, but it's more relaxed. The staff is very friendly."

Upon asking where Mr. Joyce would like to teach, he told us he prefers the city as research material is close at hand.

We found after inquiring about Mr. Taylor and Mrs. T.W. Sumorton. that they teach one subject apiece here in the Senior High and the rest in the Junior High School.
